

AGBROWGUARDSEA

**Industrial Yellow Headgear
For Grinding Visors**

Features

- Lightweight to allow for extended periods of usage
- Extra soft brow pad for added comfort
- Three different adjustment mechanisms to fit all different head types
- Push-pull lever on the nape strap to keep the headgear firmly on your head: Pull the rear dial towards you to adjust the size of the head strap, then push it back in to lock it in place once the desired fit is reached.
- Tension adjustment on sides ensures that visor will stay firmly in place
- Accepts contoured visors to better block debris (visor not included)

Applications

- Construction
- Fabrication
- Meat Packaging
- Food industry
