

AGHSL2

Armour Guard HSL2 Passive Welding Helmet with Flip Front

Features

- Experience a more ergonomic & convenient viewing while welding with the flip front lens
- Avoid removing the helmet frequently with the convenient flip front design
- Stay comfortable with the lightweight polycarbonate and impact-resistant thermoplastic
- Contoured shell design provides agility, and increased neck protection
- Equipped with cushioned, adjustable headgear which can be adapted for use with hard hats
- Replaceable fixed shade 10 filter included, and compatible with various 2 x 4.25" filter lenses such as AGCLAIRVOYANT3.0, AGMAGE, AGARCANE, and AGSEER2X4, or their gold plated versions
