

UFR30KDGPK

Heavy Weight Hot Mill Glove

Features

- Heavy weight palm features premium grade 100% woven Kevlar® outer quilted with two 100% woven cotton liners providing excellent insulation and heat dissipation from moderate to high temperatures
- Fingers are made with premium grade Kevlar® jersey knit fabric that provides excellent heat and slash resistance and promotes hand breathability
- Clute pattern with straight thumb provides room and comfort in close or open fist work
- Nap out palm construction provides additional heat dissipation and abrasion resistance
- Premium grade 100% cotton 4.5" duck gauntlet cuff provides extended wrist protection, hand breathability and easy on and off
- Internal cuff seam protects stitching from external wear and helps prevent cuff separation
- Kevlar® stitching provides super strength seams that stand up to high temperatures without breaking down
- Sizes: M-2XL
